![STAT SCREEN](image)

To view Stats first push the **Select Button.** Use the **Control Pad** to toggle thru your choices, then press **A** or **B Buttons** to view the stats you have chosen. Press **A** or **B** on the Exit Stats entry to exit.
INITIAL ENTRY SCREEN

Being able to save stats is an awesome feature of Troy Aikman™ NFL Football™. The internal battery allows you to retain pre-season or season career stats. You can only save completed games. You can also return to any season in progress at a later date and resume play by selecting that entry.

WARNING!
PRESSING X BUTTON HERE WILL COMPLETELY DELETE CURRENT STATS SELECTED

Use the Control Pad to move the football icon up or down. Press A or B Button to toggle through letters and the Control Pad to move to the other letter position. The X button clears the entry. When you have finished entering your initials, press the Start Button to exit.
CUSTOM SEASON

If you selected Custom Season while you were in Options, then this is the next screen you will see. This is your opportunity to design your season line-up however you wish. There are 16 games and 28 teams to choose from, so go for it!

Use the Control Pad to scroll left/right thru the season and up/down to change game location. (Top row = home team - bottom row = visitors) Then use the A and B Buttons to select your opponents.

PRE-GAME REPORT

The Pre-Game Report is a listing of all the options you have selected for the current game. It is a helpful reminder since there are many selections to be made before each game. Also, it is pretty helpful when returning to a previously saved game or season. Press START to exit.
THE COIN TOSS

After leaving the Pre-Game Report, it's time for the coin toss to determine who kicks off. The visiting team calls it, and whoever wins the toss may elect to kick or receive. At the start of the second half, the kicking team will receive and vice versa.

TROY'S ANALYSIS

★: Weak
★★: Average
★★★: Strong
★★★★: Outstanding

Before the start of each half, Troy's Analysis Screen will appear. The strengths and weaknesses of each team will be evaluated by the expert, Troy Aikman! Take a minute or two to examine this data as it may affect your playing strategy. If you want to boost up a position on your team, now is the time to press the Select Button to enter the Team Set-up Screen.
TEAM SET-UP SCREEN

To enter the Team Set-up Screen, push the Select Button while you are in Troy’s Analysis. Here each position has a monetary value. You can add or detract from this amount to enhance your team’s balance. For each game you win, you will receive a bonus which will enlarge your budget. Be warned though: injuries will weaken the strength of a position, so you need to leave some extra cash in your account to mend your injuries at halftime! If you weaken a position by subtracting money, you only get half that amount added to your budget.

CUSTOM PLAY SCREEN

At the beginning of each half, you can customize 3 special plays, giving you even more control over your team’s destiny.
Follow these steps to perfect your own special plays.

1. Use **A** or **B Buttons** to select Special Play 1, 2 or 3.
2. Press down on **Control Pad** to highlight the Formation Options, then use the **A** or **B Buttons** to select.
3. Now press the **Select Button** to activate the Custom Play Screen.
4. Using the **L** or **R Buttons**, select the player to be adjusted. When a player is flashing, you can move him with the **Control Pad**.
5. The **A** and **B Buttons** will give you a wide variety of routes and the **X** and **Y Buttons** will now change that player’s position. On any play you can have up to 3 Wide Receivers, 2 Tight Ends, 1 Half Back and 1 Full Back.

**KICKOFF**

If you’re the Kicking Team, you might want to refer to the **Kicker/Punter** section on page 24 for more details. The camera will follow the ball once it is kicked, and the Receiving Team will scroll onto the screen from below. Press the **L&R Buttons** together while the ball is in the air to signal a fair catch and down the ball. Or, after the player has received the ball, use the **Control Pad** to guide him upfield in any of 8 directions. If you catch the ball in the end zone, you can press the **L&R Buttons** together to down the ball and your first play will be 1st and 10 on the 20 yard line.
PLAY SELECT SCREEN

After the kickoff you will see the Play Select Screen, which consists of the Scoreboard, the Clocks, the Defensive Plays and the Offensive Plays.

SCOREBOARD

The Scoreboard contains the current status of the game. The Game Clock, with the amount of time remaining in the quarter, appears in large numbers in the upper center of the Scoreboard. A quarterly and total score appears just below the Game Clock, with a football next to the team that currently has the ball. To the left of the clock is a football indicating where the ball is on the field so you can set your strong sides. To the left of the football is the current down and number of yards to go for a 1st Down.
On the right of the Game Clock is an arrow indicating on which half of the field you are. To the right of the arrow is the yard line indicating the location of the ball and to the right of that is the Play Clock.

DEFENSIVE PLAYS
3 Defensive Plays appear at the top of the screen at any one time. Use the Control Pad to scroll up-down for more plays. Use the L and R Buttons to flip the Defensive play "strong side" (each play has a side line with a higher concentration of players). Use A, B or Y to select your Defense. After the Offense picks a play, the timer starts and you have about 5 seconds to select your Defense or the computer picks for you.

OFFENSIVE PLAYS
Offensive Plays are located at the bottom of the screen. The first three plays you can pick from are the Special Plays that you designed, or use the Control Pad to scroll up-down for more plays. Use the L and R Buttons to flip the Offensive play strong side. Use A, B or Y to select from the plays currently on the screen. You have 30 seconds on Pro or Veteran and 45 seconds on Rookie to select a play and snap the ball (otherwise a "delay of game" penalty is called regardless of penalty ON-OFF from Option Screen).

Note:
Once you have selected your play (Offensive or Defensive), the NFL™ shields will drop down to conceal your choice.
NOTE: Once the offensive play is picked, the Game Clock and the Play Clock are stopped temporarily until you leave play select.

To Pause the game during Play Select, press the **Start Button**. When the game is paused, you have several options:

- **Press B:** Call a Time Out. You start each half with 3. Just pausing won’t cost you a time out.
- **Press A:** Instant Replay of the previous play.
- **Press X:** View up to 7 pages of Current Stats. They report the performance of both teams by means of statistics.
- **Press Y:** Design Your Plays. NOTE: This will cost you a time out.
PLAY SUMMARY SCREEN

At the completion of each play, the Play Summary Screen will appear announcing the results of that play. It also appears after a touchdown or field goal and gives a summary of the scoring drive.

PLAYER CONTROL

A Bull's Eye will indicate a player with the ball. A Triangle will indicate a human controlled player without the ball. Each team will have a different colored triangle (gold for the Home Team and black for the Visiting Team). The players, both OFFENSIVE and DEFENSIVE, are generally controlled in a similar way.

Use the Control Pad to guide the player in any of 8 directions. The player may be moved up, down, left, right and at 45 degree angles. In Coach Mode you control the plays, not the individual players.
OFFENSE

- Call Audibles
- Throw to Y
- Burst of Speed
- R Stiff Arm
- Become Runner
- L Stiff Arm
- Become Runner
- Hike Ball
- Throw Ball Away
- Dive
- Call Audibles
- Throw to a Jump
- "Corner Press"

DEFENSE

- Call "Blitz"
- Attempt Intercept
- Burst of Speed
- Switch to Closest Defender
- Switch to Previous Defender
- Switch to Next Defender
- Call "Man to Man"
- Jump
The "AUDIBLES" are impromptu play changes the Quarterback makes before the snap:

A Button – Special Play #1
Y Button – Special Play #2

To snap the ball, press the B Button. Once the ball has been snapped, the Player controls the Quarterback. He will scramble in whatever direction you indicate with the Control Pad.
On running plays, press the X Button to snap the ball and automatically pitch it to the Y Receiver.
PASSING

Use the A, X or Y Buttons to pass to the selected receiver.

When a pass occurs, the camera will follow the ball in flight. The Quarterback’s arm strength varies, but he can never throw more than 75-80 yards.

After the ball is in the air, press X to take over the Receiver and guide him to the ball.

NOTE: A, X & Y letters above players do not appear when computer team has the ball (so you won’t know which play the computer has selected). In 2-Player mode the A, X & Y letter designations will appear only after the ball is snapped.
As the Quarterback you can pitch/hand-off the ball. If the selected Receiver is in close range, pressing the button of the Receiver (A, X, or Y) will cause the Quarterback to pitch or hand-off the ball to the selected Receiver.

To throw the ball away, press the **B Button** after the snap.

Press the **L and R Buttons** simultaneously to become the Runner and make a break for it.

NOTE: When the Quarterback changes to a Runner, it is still possible to throw, but Pressing the **B Button** will dive instead of throwing the ball away.
RUNNING TECHNIQUES

STIFF ARMING
To stiff arm the Tacklers, press the L or R Buttons as desired.

JUKING
When running with the ball, you can juke the Tacklers (i.e., momentarily change direction to fake them out and then continue on your original course) by rapidly changing direction with the Control Pad.

SPIN EVASIVE
Press the X Button and use this move to shake loose any would-be Tacklers.

HURDLE
If a Defender attempts a dive tackle or someone is down on the field, press the A Button to hurdle over him.

BURST OF SPEED
Once per play, the Runner can sprint for a few seconds. To do this, press the Y Button.
Note: If you are behind the line of scrimmage, pressing Y may throw to a Receiver.
To jump, press the **Control Pad** and the **A Button** at the same time. You’ll jump in the direction you press on the **Control Pad**.

![Controller diagram](image)

To dive, press the **Control Pad** and the **B Button** at the same time. You’ll dive in the direction you press on the **Control Pad**. Diving is useful in tackling and for gaining an extra yard or two.

While the kick-off or punt is in the air, press the **L & R Buttons** simultaneously to signal a fair catch and down the ball wherever you receive it.

If you recover the ball in your own end zone (by receiving a kick off or punt/intercepting or recovering a fumble), you can press **L & R** to down the ball for a touchback. The first play will be 1st and 10 from the 20 yard line.
DEFENSIVE MANEUVERS

The "AUDIBLES" are impromptu play changes that the defensive team makes before the snap:

A Button – Blitz Option
Y Button – Man to Man Option

When the offense calls a punt or field goal, the defensive audibles change to:

Punt:
A Button – Block Punt
Y Button – Punt Return

Field Goal:
A Button – Block Kick
Y Button – Prevent

TACKLE

Tackling is accomplished by moving the player you’re controlling into the ball carrier. Once the Ball Carrier is touched, the tackle begins. You can also press the Control Pad and B Button to dive at him. To lay that really big hit on the Ball Carrier, try to tackle him head-on!

PASS DEFENSE

If you are near the ball as it comes down, your Defender will usually try to deflect it. If you press the Y Button when the ball gets near, he will try to intercept.

NOTE: Pressing the X Button makes you the Defender closest to the ball.

NOTE: L and R cycle Clockwise and Counterclockwise through the Defensive Players.
You can block kicks and punts by jumping or diving in front of the Kicker. If you time it correctly you will deflect the ball. To deflect a pass, position your Defender between the ball and the Receiver. Then jump at the appropriate moment. You will need to be close to where the ball is coming down OR in the Passer’s face as he throws.

To catch a break-away runner, each defender can sprint once per down. To sprint, just press the Y Button.

THE KICKER / PUNTER

Field goals and kicks/punts are controlled the same way. You will see a Power Meter with 2 bars and 2 arrows. The horizontal gauge with the L and R on it indicates direction. Use it to compensate for wind conditions and aiming. Move the arrow horizontally with the Control Pad. The vertical bar and its arrow indicate strength. Use it to balance the strength vs. accuracy required for a kick or punt.
The horizontal white line on this gauge indicates maximum accuracy. The top of the gauge indicates maximum strength and minimum is at the bottom. Gauges are activated with the snap during field goals and punts and with the whistle when kicking off. The arrow next to the gauge will move up and down. When the arrow reaches the desired line (strength), press the **B Button** to kick.

The lowest portion of the power meter is used for onside kicks on kick-offs. Stopping the meter in the lowest quarter will execute a low, hard kick.

When kicking off, the **A Button** moves your men to a right strong side and **Y** moves them to the left. In **Coach Mode**, **X** calls an onside kick.

For field goals and punts: Pressing **X** anytime before the kick, but after the snap, changes the Holder/Punter into the Quarterback for a surprise fake.
PAUSE SCREEN

You can pause the action at any point by pressing START, however, depending on when you pause, the screen will display a different set of options.

After the snap, your only option will be line 1: CONTINUE by pressing START.

Before a play from scrimmage, except on kick-offs or extra point attempts, your options will be line 1: CONTINUE by pressing START. Line 3: CALL TIME OUT by pressing the B Button.

After a play with the clock stopped (i.e., incomplete pass, out of bounds, after a score or any change of possession) options are line 1 or line 2: CALL INSTANT REPLAY by pressing the A Button.

After a play with the clock running, you can opt for any of the 3 possibilities.
HALFTIME / END GAME STATS

At halftime or the end of a game, the STATS Screen will automatically appear. Use A and B to flip through the pages. Press START to exit.

DIVISION STANDINGS

Troy Aikman NFL™ Football™ has both Conferences: The National Football Conference and The American Football Conference. Each are composed of Eastern, Western, and Central Divisions. Division Standings will not be available in Pre-Season Mode. The 6 pages of data are displayed after each week's games and show the wins, losses and tie games for each team. Flip through the pages with the A and B Buttons. Push START to exit.
THE PLAY-OFFS

The Play-Offs only happen in Custom Season or 93/94 Season Mode. When all 16 regular season games have been played, the PLAY-OFF Screen will appear in place of the Division Standings Screen and will show the 4 weeks of Play-Off competition: Wildcard, Divisionals, Championship, and The Super Bowl. Push START to exit to the next human game. This screen will only appear if a human has made it to the playoffs. If not, then the game is over.

THE TROY AIKMAN STORY

Troy Aikman’s football dream began in Henryetta, Oklahoma, where he earned All-State honors with the Henryetta High School Fighting Hens. His collegiate football career began at the University of Oklahoma and after 2 years, Troy transferred to UCLA. At UCLA the All-American Aikman led the Bruins to a 20-4 record, including wins in the 1988 Aloha Bowl and the 1989 Cotton Bowl. In just two seasons at UCLA, Aikman completed 64.8% of his passes for 5,298 yards and 41 touchdowns and finished his college career as the third rated passer in NCAA history.

After being drafted by the Cowboys in 1989, Troy became the first rookie to start a season opener for Dallas since Roger Staubach in 1969. After showing flashes of potential during his first three years in Dallas, Troy helped the Cowboys put everything together in 1992.

Comfortable in a strong offensive system, healthy the entire season and confident in his abilities to lead the club, Aikman led Dallas on a march through the regular season and the playoffs, culminating in a Super Bowl victory over Buffalo on January 31, 1993. For his performance that Sunday in Pasadena, Aikman earned the Super Bowl MVP award.
Aikman finished the season with 3,445 yards passing, to rank second in the NFC and fourth in the NFL. His 302 completions were the second most in a season in team history and tied him for the NFC lead, second in the NFL. The following year history repeated itself as Aikman again led Dallas to a Super Bowl win against Buffalo on January 30, 1994. Aikman completed the season with an overall ranking of second in both the NFC and the NFL. His statistics for season and post-season play were spectacular – a total of 332 completions for 3786 yards.

Earning praise from football legends and admiration from his legion of fans, Aikman has become a symbol for respect on and off the field. In addition to establishing the "Troy Aikman Foundation", which benefits disadvantaged children, Aikman has provided support to literally dozens of charitable causes nationwide. For the past two seasons, Troy has been one of the five finalists for the NFL Man of the Year, which honors players for their contributions to the community.
THE TROY AIKMAN FOUNDATION

"It is my belief that Childhood should be a wondrous time of life, a time of dreaming, discovery, development and play. There is nothing more important than the health and well-being of children in our nation. They are our future. It is our goal to assist those children whose special needs are not being met by other resources... we have united with friends and sponsors to improve the quality of life for young children...one dream at a time!"

Troy Aikman

The Troy Aikman Foundation was started in October of 1992, through the generosity and beneficence of professional quarterback Troy Aikman. The Foundation is a public charitable 501(c)3 organization created as a fund-raising vehicle to support the needs of dependent children. The mission of the Foundation is to provide financial support for the physical, psychological, social and educational needs of dependent children whose needs are not being met, either in whole or in part, by any other viable resource.

Needs are identified through referrals from community and religious organizations, educational institutions, child protective agencies, and the general public.

Requests for grants and gifts are accepted and reviewed throughout the year. All requests are
subject to board approval and gifts are made based on funds available at the time of the request.

All gifts must provide "direct care" to a specific child or group of children. It is the Foundation’s intent to provide funds to individuals who have exhausted all other avenues of support.

The annual Troy Aikman Classic provides the major source of revenue for the Foundation. Local organizations and corporations also contribute in broadening the base of funding by naming the Foundation as recipient of funds raised at their own special events during the year.

Don't let drugs sideline you in the game of life. Join Troy Aikman and the youth of America in saying
